### Hampton Park Uniting Church-

A passionate community of transformation through Christ.

A community that is loving, caring and nurturing, where through worship, teaching and mission, there is an experience of God's grace so that we are empowered to be our true selves as God intended for our lives.

In response to God's grace we prayerfully and gracefully pursue the Kingdom of God.

## MESSAGE FROM THE MINISTER

So we commence another year 2016! We pray that we are able to serve our community as God's people around Hampton Park once again - growing in faith and trust in God as we do so.

The fantastic news is that we now have Catherine and Gabriel Hingley in the church planting and Connections role in South Casey. Catherine and Gabriel have over ten years experience in ministering to people on the margins of society with Urban Neighbours of Hope (UNOH) and have a passion

for the type of ministry which we do in Hampton Park and Cranbourne. We will be getting to know the Hingley family and it would be great to encourage and support them in their ministry, so please make an effort to help them feel welcome. Catherine and Gabriel will be inducted into their role in worship on Sunday 7th February at both Hampton Park and Cranbourne churches.

Keep Blessing others, Learning and Listening to God, Eating with others, Serving and sharing our Money as disciples of Christ,

# 2016

HAPPY NEW YEAR

## LENT EVENT

**Do you want to see a different kind of world?**

**Lent Event is ... 40 days to live more simply, reflect on our faith and support people struggling to free themselves from poverty.**

Commencing from Ash Wednesday (10th February) the idea is to give something up (like coffee, chocolate etc.) or to take something up (like a time of meditation and prayer or family meals together) for the 40 days leading up to Easter Sunday. With the money we save and further funds if you wish we make a donation to support projects in the developing world. Lent Event resources can be found at [www.lentevent.com](http://www.lentevent.com) and there is a free app that can be downloaded from the app store.
